LET'S TALK SPRING...

FRESH, NEW BEGINNINGS? YES, PLEASE!

Whether you are in a newly constructed home or a well-loved home, spring always urges us to bring the feeling of new and clean into our home. Is there ever a better season than spring to refresh your home? Spring is a time of renewal, so our homes are an easy place to start that refresh and renewal aura. In this edition, discover how simple changes can put a “spring” in your step. Out with the lifeless urns and in with new blossoming spring bulb and transform blah into ta-da! Never underestimate the value of distinct planters with flourishing bulbs. You want to look for flowers that will resist the unpredictable weather that a Canadian spring can shower us with.

CURB APPEAL

OUT WITH THE LIFELESS URNS AND IN WITH NEW BLOSSOMING SPRING BULBS

Your front yard and porch are the first areas you see when you arrive home. Creating subtle changes will lighten your mood and create a renewed joy for your space.

What is a quick, inexpensive way to transform blah into ta-da? URNS!

Never underestimate the value of distinct planters with flourishing bulbs. You want to look for flowers that will resist the unpredictable weather that a Canadian spring can shower us with.

Here are a few tips for wow factor urns:

- Repaint or spray dull, chipped urn planters.
- Look for urn inserts that offer a variety of resistant flowers such as Hyacinths, Tulips, Daffodils, Iris, Crocus, Pansies, Lilies and Hydrangeas.
- Add in Grape vines or Pussy willows for height. Create dimension with height and colour.
- If temperatures dip below freezing, cover your urn inserts with a garbage bag to protect your budding blossoms.

The colours will light up your smile and the smells will have you closing your eyes and daydreaming of frolicking in open fields — ok, maybe not frolicking but certainly leave you with all the feels!

Another great tip is to become an Urn Club member. Many floral design studios in Niagara offer urn insert seasonal packages. Sign us up for quick and easy seasonal curb appeal!
